#### SYSTEM STARTER KIT

Limited functionality without adding more Washer Stations

Limited Qty Plaques included

Limited Qty Scope and Operator Tags

#### **SMART STATION**

One Station does everything with 10m Radius

Unlimited Qty Scope and Operator Tags

#### Additional:

"Point to Point" cabling costs
More likely increased purchasing costs
Not wireless
Large plaque (cannot remove "In" function
More physical items
Scope RFID tags have become problematic with breakages, cost
and manufacturing processes

#### Notes:

Reduced "Point to Point" cabling costs More adaptable and functions with unlimited AER's No curly cords

Cost effective tags means we can offer as many as they need No System Starter Kit - The first "Smart Station" does the same job Can utilise 4 & 10 digit barcodes already on site Add attitional barcode scanners (Clean/Dirty or Multiple Users

Additional Stations for printers in Theatre still remains
